CHOICE UNDER SIEGE

The Battle to Save Competitive Energy

APRIL 6–7, 2027
Hilton Post Oak by the Galleria

HOUSTON, TEXAS

The future of competitive energy is our business.

Energy Marketing Conferences (EMC) hosts North America's longest-running conferences dedicated to competitive energy and keeps the industry connected year-round. At EMC27 in Houston, energy executives, professionals and emerging leaders come together to share experience, address pressures on customer choice and explore opportunities for their businesses. By bringing different parts of the industry into the same conversation, EMC27 connects shared challenges with the people and expertise to help solve them.

COME FOR THE INSIGHT. STAY FOR THE CONNECTIONS.

See the bigger picture
Understand how market pressures, policy decisions and changing customer needs connect to the decisions facing your business.

Find common ground
Learn from people working through similar challenges and meet partners whose expertise complements your own.

Turn ideas into action
Discover practical ways to improve customer experience, strengthen operations, develop your team and grow your business.

LEARN.
ENGAGE.
CONNECT.

Keynotes • Panels • CEO roundtable
Interactive breakouts • Practical training • Innovation presentations
Exhibits • Industry awards • Networking meals & receptions

A SHARED FOCUS

Strengthening the value of customer choice

- Competitive markets & policy
- Customer experience & trust
- Technology, AI & connected operations
- Storage, flexibility & new energy solutions
- Business resilience & industry leadership

Let's connect in Houston.
